Dear Harold and Lil:

I had hoped to be able to visit you this weekend but because ~~of~~ Monday was a holiday, Sonia had a class rescheduled for this evening. That would have meant that we could't have come until Saturday and everything would have been a bit too hectic.

Perhaps next weekend. I spoke with Schoenman and there is a better chance that he could make it next weekend too.

My plans are to remain in the city ~~until~~ ~~about~~ until about the middle of August and then go out West. I will be working for my father for several weeks to try to earn enough money to help me through the fall. As you know, I am on a scholarship in school.

Sonia is going to summer school at Columbia and will go home about the end of this month.

Harold, I was intrigued by your possible affiliation. I will do all I can to further your project. Do you have any idea when you could begin? Have there been any further developments? And how is your health? I hope that you haven't had any further seizures.

The weather here has been quite cloudy and rainy. I try to play tennis when I can but those hours are all too infrequent.

By the way, any thought on the Kennedy accident? Do you think someone might have tampered with his car?

I am looking forward to seeing you both as soon as possible and will call if we can come down. I would like to very much.

Sincerely,
